TROPICAL AGRICULTURE

January to December, 1936.

TRINIDAD:
PRINTED BY THE GOVERNMENT PRINTER,
GOVERNMENT PRINTING OFFICE,
PORT-OF-SPAIN.

1936.

INDEX TO TROPICAL AGRICULTURE.

Index to Volume XIII—January to December, 1936.

Nos.	Months.	Pages.
1	January	1-28
2	February	29-52
3	March	53-80
4	April	81-112
5	May	113-140
6	June	141-168
7	July	169-196
8	August	197-224
9	September	225-252
10	October	253-280
11	November	281-312
12	December	313-336

College News Bulletin.

June, December 8

GENERAL INDEX.

A.

	Pages
"Aerial Wells" and Soil Moisture	34
Africa, Co-operation in India and	97
Agricultural Policy in the Lesser Antilles	225-27
Agricultural Research, Imperial	141-43
Agriculture, Ancient	56
Agriculture and Health	232
Agriculture, Refrigeration in	326
Air-conditioning in the Tropics	154
Antigua in Relation to (A) Infestation, (B) Field Losses by the Moth Borer (*Diatraea saccharalis* Fabr.), Sugar-cane Varieties in	130-35
Antigua, I, Investigations on Sugar-cane and Sugar-cane Soils in	19-24, 38-47
Antigua, Problems Connected with Root Disease of Sugar-cane in	5-8
Association, West Indian Sugar	313-14

B.

Bahamas, Tomato Cultivation in the	175-76
Banana Trash, The Chemical Composition of	227-28
Barbados, B.W.I., The British West Indies Central Sugar Cane Breeding Station	204-12
Bemisia nigeriensis Corb., a Vector of Cassava Mosaic in Southern Nigeria	182-86
Bermuda, Diseases and Pests of Tomatoes in	71-78
Biological Control in the West Indies	197-99
Biology and Control of Termites, The	153-54
Birds of St. Kitts and Nevis, The	213-17

B.—*Continued.*

	Pages
Birds with Special Reference to Common Cane Field Birds, Further Notes on the Food and Habits of Trinidad	12-18
Botanical Researches on Cacao, the Present Position of	123-29
Briton-Jones, Professor	318
Budding Cacao, Grafting and	186

C.

Cacao *see* Cocoa.	
Calves in the Tropics, The Development of	177-80
Cane *see* Sugar.	
Cane Field Birds, Further Notes on the Food and Habits of Trinidad Birds with Special Reference to Common	12-18
Cane Field Conditions in Trinidad, Observations on the Early Larval Mortality of Certain Species of *Diatraea* (Lepid. Pyralidae) under	155-60
Carnauba Wax	298
Cassava Mosaic in Southern Nigeria, *Bemisia nigeriensis* Corb., a Vector of	182-86
Cauliflower Cultivation in the Tropics	218-20
Cellulose as a Raw Material	255
Central Sugar Cane Breeding Station, Barbados, B.W.I., The British West Indies	204-12
Charcoal Manufacture from Coconut Shell	36
Chemical Aspects of the Decay of Wood	107-08
Chemical Composition of Banana Trash, The	227-28

C.—*Continued.* PAGES.

Chemical Notes 27, 50, 79, 110, 139, 167, 195, 223 251, 279, 311, 335
Citrus Fruits, Additional Notes on the Seedlessness of 283-84
Citrus Fruits, The Storage of Trinidad .. 83-84
Citrus Fruits with Particular Reference to Marsh Grapefruit, On the Seedlessness of 118-22
Cocoa, A New Method of Curing Small Quantities of 171-74
Cocoa at Marper, Results of Manurial Experiments on 233-41
Cocoa Economics 281-82
Cocoa, Grafting and Budding 186
Cocoa in the Gold Coast, Inspection of .. 229-32
Cocoa Industry of Trinidad, The 285-91, 327-29
Cocoa Industry, The Gold Coast .. 59-61
Cocoa Production in Trinidad with Special Reference to the Montserrat District, Some Economic Aspects of 85-90
Cocoa Soil Fertility in Trinidad, Some Aspects of 315-17
Cocoa Research, The Future of 169-70
Cocoa, The Present Position of Botanical Researches on 123-29
Cocoa Thrips from the Gold Coast to Trinidad, B.W.I., Progress Report on the Introduction of a Parasite of the .. 62-63
Cocoa : World Consumption 217
Coconut Husk Ash as a Fertilizer .. 30
Coconut Shell, Charcoal Manufacture from 36
Coffee Consumption 11
Coffee in Kenya, Observations on .. 84
Collection and Classification of Crop Varieties and Related Species 3-4
College Sugar Factory, Crop 1936, The *see* I.C.T.A.
Colombia, Some Notes on Cotton in .. 31-34
Control of Fungal Wastage, Iodine and the 117
"Control" of Insects by Hand-collection —A Review of Le Pelley's Work, The.. 193
Control of Termites, The Biology and .. 153-54
Co-operation in India and Africa.. .. 97
Correspondence 47
Cotton in Colombia, Some Notes on .. 31-34
Cotton Notes 160
Cotton, Sea Island 29-30
Cotton Stainer (*Dysdercus urichi*), Genetic Behaviour of a Mutant in a Trinidad .. 256
Cottonseed, Uses of 314
Crop Products Manufacture in 1935 .. 266-67
Crop Taxonomy 113-14
Crop Varieties and Related Species, Collection and Classification of .. 3-4
Crops be Adapted to Soils or Soils to Crops ? Shall 306-07
Curing Small Quantities of Cacao, A New Method of 171-74
Cuttings in Tropical Climates, The Propagation of 201-03

D.

Date Harvest, The 1935 135
Date Palms, *Ommatissus binotatus*, Fieb. (Homoptera : Tropiduchidae.), A Serious Pest of 180-81
De Verteuil, C.M.G., The Hon. Carl .. 55-56
Decay of Wood, Chemical Aspects of the .. 107-08
Deforestation in the West Indies.. .. 54-55
Derris, Note on the Vegetative Propagation of 149-50
Development of Calves in the Tropics, The 177-80

D.—*Continued.* PAGES.

Disease in the Tropics, Prevention of .. 284
Disease of the Lime in Montserrat, Root.. 147-48
Diseases and Pests of Tomatoes in Bermuda 71-78

E.

East Africa, A Soil Map of 245-49
Economic Aspects of Cacao Production in Trinidad with Special Reference to the Montserrat District, Some 85-90
Economics, Cacao 281-82
Elephant Grass 18
Empire-Grown Sisal for Marine Cordage .. 47
Erosion in Kenya, Soil 57-58

F.

Fertilizer, Coconut Husk Ash as a .. 30
Fodder Grasses in Trinidad, The Growth and Utilisation of 98-103
Fruits, Additional Notes on the Seedlessness of Citrus 283-84
Fruits, The Storage of Trinidad Citrus .. 83-84
Fruits with Particular Reference to Marsh Grapefruit, On the Seedlessness of Citrus 118-22
Fungal Wastage, Iodine and the Control of 117
Fungi, Notes on Trinidad 330-32
Future of Cacao Research, The 169-70

G.

Genetic Behaviour of a Mutant in a Trinidad Cotton Stainer (*Dysdercus urichi*) .. 256
Gold Coast Cacao Industry, The .. 59-61
Gold Coast, Inspection of Cacao in the .. 229-32
Gold Coast to Trinidad, B.W.I., Progress Report on the Introduction of a Parasite of the Cacao Thrips from the 62-63
Grafting and Budding Cacao 186
Grapefruit, On the Seedlessness of Citrus Fruits with Particular Reference to Marsh 118-22
Grass, Elephant 18
Grasses in Trinidad, The Growth and Utilisation of Fodder 98-103

H.

Harvest, The 1935 Date 135
Health, Agriculture and 232

I.

Imperial Agricultural Research 141-43
Imperial College of Tropical Agriculture The College Sugar Factory, Crop 1936.. 148-49
Incidence of the Large Moth Borer, *Castnia licus*, in Wild Plants in Trinidad, The .. 37
India and Africa, Co-operation in .. 97
Insects Attacking Sugar-cane on the Island of Tobago, B.W.I. 199-200
Insects by Hand-collection—A Review of Le Pelley's Work, The "Control" of .. 193
Inspection of Cacao in the Gold Coast .. 229-32
Introduction of a Parasite of the Cacao Thrips from the Gold Coast to Trinidad, B.W.I., Progress Report on the .. 62-63
Investigations of the Mitscherlich Method in Trinidad 292-98
Investigations on Sugar-cane and Sugar-cane Soils in Antigua, I .. 19-24, 38-47
Investigations on Sugar-cane and Sugar-cane Soils in St. Kitts, I, Recent 64-70, 91-97
